RE: Mooring Inspection Reminder and Mooring Registration Numbers

### **Important Notice Do Not Disregard**

The Lincolnville Harbor Ordinance (Article III, Section 2.E.) requires that all moorings be inspected annually and to “have registration numbers clearly visible at all times.” In addition, the mooring inspection report needs to be completed and submitted to the Town Office by July 1<sup>st</sup> each year.

This year after the July 1, 2024 deadline, the Town intends to visually inspect each mooring for compliance with the labelling provisions of the ordinance. Moorings that are not labelled per the ordinance will be considered abandoned. Abandoned moorings will either be removed or the buoy removed and the chain dropped to the bottom pursuant to the applicable State statute (Title 38 § 4) and/or Article V Section 7 of the Harbor Ordinance.

Please note that per the State Statute, the Town may collect from the owner the sum of \$100 for either of those services rendered and the necessary expenses.
